

FIRST OF ALLEN GANG CAUGHT

FIRST CATCH OF POSSES NOW IN JAIL.

Found Asleep in Empty Hut Near Home—Captured Man Declares His Innocence—Hunt for Others Keeps Up.

Hillville, Va., March 22.—Sidna Edwards, a tall, rugged mountaineer of 22 sat calmly in the darkness of the little brick jail here to night, the first catch of the posses who have been scouring the mountains for those of the Allen gang who got away after the court house assassination of March 14, when a judge, prosecutor, sheriff and two bystanders were killed and two others seriously wounded. To night Young Edwards, emaciated and worn from a week's wandering in the woods, protests his innocence of the indictment of murder against him and the hunters, spurred on by a day's success are up in the Blue Ridge hunting for the same charge, his brother Wesley Edwards, his uncle Sidna Allen and his cousins, Claude and Friel Allen.

Detective Legrand Felts and W. V. Phaut, heading a posse came upon Edwards at 4 o'clock this morning asleep in an empty hut a mile from his home in the mountains, and when he awoke the detectives were at his side. He made no resistance and went to a farmer's house near Lumburg, Va., and started for Hillville with his captors early to day. Jack Allen, his uncle, one of the Allens who was not at the court house on the day of the tragedy, joined his nephew on the way and accompanied the party to this place.

He declares his nephew is innocent. It is rumored that one of the gang had offered to surrender if permitted to plead guilty to murder in the second degree. The governor says he knows nothing of any such proposition.

Two complainants appear as taxpayers by their counsel, George W. Miller and Stephen S. Gregory. The same attorneys recently sought vainly to have Judge Windes issue a writ of prohibition to prevent the holding of the primary.

Court dismissed the charges against Marcus.

ALABAMA MAN RELIEVED OF FIVE THOUSAND DOLLARS.

Came to Chicago and Was Fleeced by Old "Wire Tapping" Swindle—Five of Swindlers Are Indicted.

Chicago, March 22.—How Evans A. Pinckard, of Clayton, Ala., came to Chicago a week ago to get rich and subsequently lost \$5,000, was disclosed to day when a federal grand jury indicted Charles H. Howard, James Staumiller, H. S. Morris, D. S. Davis and G. B. Ross. They are accused of fleecing Pinckard by the old "wire tapping" swindle.

"I met Howard in Birmingham, Ala.," Pinckard told the grand jury, "and he told me how, with the aid of his brother-in-law Staumiller, a telegraph operator, and a little capital, make \$1,000,000 in a week. We were to get advance information of horse races. The first time I played the 'system,' I won \$120 on \$10. I went to St. Louis drew \$5,000 from a bank, returned to Chicago and bet it according to Staumiller's instructions. I lost, and then he told me I had been advised to play the horse for second place instead of first."

After losing the money Pinckard complained to the federal authorities. The "poolroom" where he lost the money was located in a hotel. It was vacated soon after Pinckard made his "plunge."

Police said tonight Howard and Staumiller are wanted in several cities on charges of swindling. They are accused of fleecing a Providence, R. I., man out of \$10,000, two years ago, and a Madison, Wis., minister out of the same amount last Thanksgiving eve.

His offer was made by Mr. Long on his arrival at New Orleans from Panama. Until he was met in New Orleans by William Carson, of Burlington, Iowa, a brother-in-law, Mr. Long did not know of his son's disappearance. The men to night left for North Yakima to work on the case.

The missing man is 25 years old, 6 feet and 3 inches in height, has dark hair and eyes and pale complexion. He accompanied his father to Bogalusa, La., last February and a few days later returned to North Yakima via Eau Claire, Wis., where he visited his fiancée, Miss Geraldine Shaw.

HEARS FROM OUTSIDE WORLD

Deatur Shut Off From Communication for 48 Hours—Great Damage Wrought.

Deatur, Ill., March 22.—Damage here was estimated here to day at \$22,500 as a result of Wednesday afternoon's ice and hail storm. The city resumed communication with the outside world by wire for the first time this afternoon. All the telegraph, telephone and interurban communication was knocked out for a period of almost 48 hours, and the city is still in darkness, no street lights or residence electric lights being in operation outside a business district.

The city authorities decided that it would be impossible to put the municipal lighting system fully in operation within two weeks, and have refused to turn on any of the circuits, fearing fires because of the many grounded and broken wires which are strewn over the sidewalks, building and streets all over the city. Thousands of beautiful shade trees were ruined entirely, gigantic oaks, weighted by ice which froze an inch thick on the branches and weighed tons, splitting trunks two feet thick, almost to the ground.

Electric light wires weighted by the ice were carried to the ground, telephone poles going with them.

No serious injuries have been reported. The nearest telegraph communication for two days was Clinton and when interurban service could be resumed, messages of all kinds were relayed to Clinton, where they were placed on wires.

An evening newspaper published at 5 a. m. Thursday morning, thousands of elevators in business places were inoperative, the power being off.

Train service was the least damaged of any, but the fact that this was the only city in Illinois cut so entirely from all communication, is due to the degree of cold here, which allowed a heavy rainfall to freeze as fast as it touched earth of vegetation.

Heaviest losses are suffered by the telephone companies, the Central Union suffering a loss estimated at \$15,000. Schools, churches and office buildings could not be peopled, and for two nights people have been staying off the street because of danger from fallen wires and the entire lack of street lamps.

The territory affected was about Deatur as far as Taylorville on the Southwest, Champaign on the east and Clinton on the north. Reports from the farm districts indicate that hundreds of fruit trees, particularly peaches are a total loss.

Putnam, the treasurer of Lewis enterprises to "treat her as she would her own daughter" in handling \$1,000 she sent the Lewis Publishing company for investment. She said all she ever got back from her investment was \$55 in interest, and that because of the company's failure to return her money she was unable to buy fuel or pay her taxes.

Miss Crosey said she made the investment on the strength of a statement she said Lewis made in a letter that within three years the Lewis Publishing company would pay 600 to 700 per cent on its capital stock.

Springfield, Ill., March 22.—The threatened shutdown of Illinois mines may come one week before April 1st. Sub-district No. 5, in convention, to day adopted resolutions to quit work as soon as the operators attempt to enforce orders that the miners lay in their supplies of coal after March 25th. The resolutions in effect are as follows:

"Resolved, That any coal mine operator refusing to sell coal to the general public, of which the miners are an important part, until an agreement of mining occurs that the employees of said coal operator, or operators, cease work at once as an injury to one is the concern of all, and the miners have agreed, do not wish to see any individual suffer for want of heat in such inclement weather and allow the corporations, trusts and combines to take all the products of the mine in order that they might better starve the miners into submission."

Sub-district No. 5 comprises Menard, Logan and Sangamon counties. Officials of the district declare other districts will take similar action in event the operators attempt to enforce their decree.

CARS COLLIDE.

Two Persons Killed and Thirty Injured in Indiana—Wreckage Set on Fire.

Fortville, Ind., March 22.—Two persons were killed and more than thirty injured, many seriously, to night when two crowded cars on the Indiana Union Traction company lines, collided just west of this place.

The cars were running only about 20 miles an hour when they crashed together.

The vestibules of both were jammed, crushing the life out of both motorists. Short circuits of heavily charged wires, and overturned heaters set fire to the wreckage. The least injured turned rescuers and carried from the burning cars those who were unable to help themselves.

While some gave attention to the safety of the injured men and women, others, stifled with the odor of seared flesh, attempted to reach the bodies of unfortunate members of the crews. It was almost impossible to search the smoking compartments and it is feared other persons may have been burned to death.

Officials of the traction line say they cannot account for the accident, as it happened on the straight track. Among those seriously injured are W. C. Robbins, Detroit, Mich.; M. L. Leisure, Indianapolis; Robert Sheldon, Worthington, Ind., and Fred E. Babcock, St. Louis.

KIDNAP STUDENT

Invasion of Residence With Victim Results in Arrest—Women Badly Frightened.

Chicago, March 22.—The kidnapping of a sophomore by three freshmen from the Northwestern university and their subsequent invasion of the residence of Ralph Horn, who is in no way connected with student affairs, led to the arrest of the four boys to night. They were released on cash bonds supplied by an official of the university. Horn said he would prosecute the case.

The students are J. A. Cromer, sophomore, and W. P. Harr, A. J. Jindra and G. W. Scott, freshmen. Cromer was to have been the principal speaker at the sophomore banquet to night and the freshmen determined he would not be present.

After Cromer had been captured, his classmates pressed the freshmen so closely that they dragged him into the Horn residence, where Mrs. Horn and her sister, Mrs. Robert Wilson, were alone.

Amid the screams of the women, the captive was carried upstairs, bound with ropes and thrown out of a window to the roof of a porch.

While the freshmen were attempting to escape, police arrived and placed the four students in a patrol wagon. Both women have been ill, and, according to Horn, are in a serious condition as a result of this action.

Telling of an interview she had with Dean Talbot, who caused the student's name to be taken from the roll, Miss Mercy testified she, she said:

"For God's sake treat me as a human being; let me stay here and get my degree which I have earned. Don't kick me out like a dog. I am innocent of the charges you make against me."

"When you made that appeal to Miss Talbot, what did she say?" asked Dean Talbot's counsel.

"Why she laughed and sneered at me. She wanted to know why I, a Jew, should want to stay where there were so few of my co-religionists."

Miss Mercy told of being informed by a professor, in the presence of a class, that she could not remain in the university.

COMPLETES TESTIMONY.

Miss Mercy Put In Another Day on Witness Stand.

Chicago, March 22.—Miss Mercy, who is suing Dean Talbot of the University of Chicago, for \$100,000 for alleged slander, completed her testimony this afternoon. Attempts by counsel for Dean Talbot to show that the witness had been convicted in the municipal court on a serious charge were met with objections from Miss Mercy's attorneys. Adjournment was then taken until Monday morning.

Up to the last frame in their final game, the Buckeye bowlers had a splendid chance to take the lead, but Maurer failed to get the "10" pin in a 10-7 split, which robbed him of a spare. NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. First, the most common cause of dandruff is the burrowing of the scalp, caused by parasites that destroy the vitality of the hair. The hair becomes lifeless and, in time, falls out. This can be prevented.

Secondly, dandruff kills the abundant germ and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people all over the world. It is the most wonderful hair preparation on the market today.

INJURED IN MINE

Walter Fernandes at Passavant Hospital as Result of Accident in Divernon.

Walter Fernandes, who has been employed by the Madison Coal Co. at Divernon, is now at Passavant hospital in this city to receive treatment for injuries received in the mine at that place. Mr. Fernandes was a night electrician and had the machines, pumps and wiring in charge. Tuesday night he was in the act of seeking out a bad connection on the machine wire and was about 4,000 feet from the hoisting shaft, when he heard a crash and saw the slate and rock coming down from the roof. He turned and tried to run back, but the falling debris caught him and buried him. He lay unconscious for almost two hours and was found by one of the drivers. Dr. Johnson of Divernon was summoned and the injured man was taken to the home of J. P. Hood, night mine manager.

Mr. Fernandes was brought to Jacksonville to Passavant hospital. His injuries are such that he will not be able to be around for some time. He is resting, however, as well as could be expected.

German English.

While visiting a small manufacturing town in Germany last summer a New York woman bought a toilet shell hair ornament which was badly injured through a servant's carelessness. The saleswoman to whom it was returned with a request to have it repaired, wishing probably to air her English, sent it back to the hotel with this note: "The hair comb sending to me is heavy to repair whilst the pieces only through wire fastening can be. I would the destroy of the hair comb resolve—then could the lovely ornament for other one hair comb be accomplished."—New York Tribune.

Drinking Horns.

Drinking horns were beloved of the early Saxons, who always took their mead in this manner. Many of the old drinking horns were fashioned from the horns of the rhinoceros under the belief that "it sweats at the approach of poison." Hence, according to this superstition, the drinker would be in a position to tell at once whether an enemy had been tampering with his beverage.—London Globe.

Getting It Straight.

"What did you say to your wife that night when you got home at 11:30?"

"Nothing."

"Do you mean to say—"

"I mean to say that by the time I could get a word in it was no longer last night, but this morning."—Boston Transcript.

An Inherited Weakness.

"Your daughter is improving," said a music teacher, "but when she gets to the scales I have to watch her pretty closely."

"Just like her father," said the mother. "He made his money in the grocery business."

Served Them Right.

He—They have dropped their anchor. She—On her first trip—Serves them right. It has been hanging over the side all day long.

"Tis not your posterity, but your actions, that will perpetuate your memory."—Hutchinson.

GOES TO MAINE.

New York, March 23.—Theodore Roosevelt left at 1 o'clock this morning (Saturday) for Portland, Me., where he will speak tonight at a C. A. Boruff, County Clerk, mass meeting.

WILL LICENSE BUSINESS FIRMS

Springfield Commissioners Have New Plan for Increasing Revenues.

The commissioners of Springfield have just published a pamphlet setting forth the license fees, which they propose to charge the merchants and business men of Springfield. Almost every business is taxed and the licenses run from \$500 to \$3.

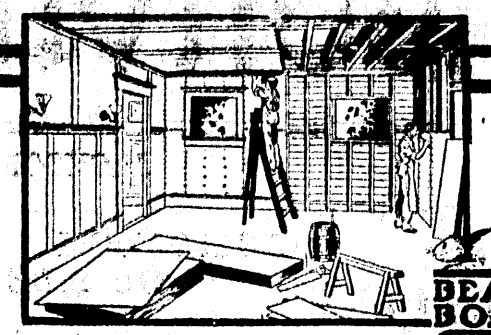

It describes every business for which it is necessary to secure a license, how to secure it and what formalities are required before the city clerk will issue the document. The application must first be filed with the city clerk. This must be accompanied by a bond which varies according to the nature of business which it is intended to prosecute. This application and the bond is then filed for investigation and if the facts as presented are found to be correct and in conformity with the statute, the license is issued.

Practically every kind of business is listed. Among the more common enterprises that are not subject to such a fee is that of the grocer. He is not compelled to pay tribute to the city and goes unmolested by the officials.

The list of fees as published in the Springfield News is as follows:

SPRING WILL BE LATE

End of Cold Weather Not in Sight Yet—Lots of Time Though for Farm and Garden Work.

The weather man started out the first week of March with an array of sunlight that indicated old winter would be given the good-bye sign, but severe weather prolonged the winter weeks and will easily go down in the weather records as one of the longest, coldest and most disagreeable winters in years. It is seldom that the entire month of March is stormy, but few have been the bright days this year. Last year, it will be remembered, that about the middle of March a warm spell came and people donned their summer clothes and there was a day or two when it was really uncomfortable. The wiseacre, who last summer predicted that the end of the extreme heat there would be a long cold winter, hit the nail right straight on the head. But, how about the fellow who examined the bark on the trees, observed the domestic animals' actions and then said "short winter." That fellow is sitting by the fireside warming his feet and hoping that his next best friend has fully forgotten his prediction.

Some farmers who were conversing yesterday are of the opinion that spring will be quite late this year and that they still have plenty of time in which to get their plows sharpened and other instruments with which to stir up old mother earth. Even if the weather should be fair, there is such an abundance of moisture in the ground that it will take days for it to dry, and a long time even for the frost to get out of the ground. Some few miles further south all the plowing was finished some three weeks ago. In former years, but so far they have not turned a furrow this spring.

Last year by this time many sweet pea beds had been planted and many potatoes were in. However, there is still plenty of time for garden and farm work and no doubt the results will be just as satisfactory as usual.

TRACK MEET AT MILLIKIN.

Illinois college has a track meet scheduled with Millikin university to take place May 18. Millikin also has a track meet with Christian Brothers' college of St. Louis on May 30 and with Illinois Wesleyan of Bloomington on May 11. Tom Myers, senior and a third-year man in track athletics at Millikin, has been elected captain of the track squad. Myers is a splendid man, having tossed the hammer for first place at the state intercollegiate meet in Peoria last year.

R. G. Collins, postmaster, Barnhart, N. J., was troubled with a severe laryngitis cough. He says: "I would be completely exhausted after each fit of violent coughing. I bought a bottle of Foley's Honey and Art Compound and before I had taken it all the coughing spells had entirely ceased. It can't be beat." J. A. Obermeyer, City drug store.

MINIMUM WAGE SCALE.

London, March 23.—The government's minimum wage bill introduced by Premier Asquith in an endeavor to bring about a settlement of the coal strike, passed through the committee stage in the house of commons at 1:20 o'clock this (Saturday) morning, practically in its official form.

PAST MASTERS MEETING.

Harmony lodge, No. 3, A. F. & A. M., has issued invitations to the celebration of its annual Past Masters' meeting, which is to be held Friday afternoon and night, March 29, in Masonic hall. In the evening the Masters Masons degree will be exemplified, to be followed by a banquet.

IN JUSTICE COURTS.

Robert Craven of Chapin was arrested Thursday on the charge of bastardy by Deputy Sheriff Todd and will be given a hearing this morning in Squire Lyster's court. He is at present in the county jail. The complainant is Miss Jessie Condes of this city.

ANOTHER EFFORT TO AGREE.

Cleveland, Ohio, March 22.—The postponement followed a conviction expressed by both sides that an agreement at this time for a new two year wage and working scale to take effect April 1, was impossible. Mine workers and operators then joined in a resolution that rather than cause a suspension not only in the mines in the four states directly concerned, but also in all other union bituminous mines, they would make another effort to agree.

The miners in the full conference voted down every offer of a compromise from the operators. These were that the present wage and working contracts be continued for two years longer. A third proposition then was that the miners agree not to do work on April 1. John P. White, president of the union, said the men certainly would quit if no agreement was reached. He said not only the 200,000 miners in the four states involved, but 350,000 other miners of bituminous coal would quit.

Whatever result comes from next week's conference will be referred to the union's policy committee and then to a referendum vote of the union.

WANT DECISION MODIFIED.

Attempt to Have Judge Thompson Change Opinion on Important Case.

An attempt was made by Attorneys Murray and Kenney Friday afternoon in the circuit court at Springfield to have Judge O. P. Thompson modify his decision in the case of Laura Clark et al against the Fraternal Tribunes and the Northern Life Insurance company. The case is an important one and far reaching in its results.

The court held in the case that neither the Northern Life nor its officers or the officers of the Fraternal Tribunes could be held liable for the unpaid death claims of former members of the Fraternal Tribunes. The death claims aggregated about \$100,000. The attorneys for the plaintiffs argued that the Fraternal Tribunes officials were liable, as they had no authority to turn the business of the company over to the Northern Life. The court refuses to modify the decision and an appeal was taken to the appellate court. The bond was fixed at \$1,000.

**STEEL UNLOADED FOR
NEW WABASH BRIDGE.**

A number of the large steel girders
for the Wabash bridge across the
Illinois river at Valley City have ar-
rived at Chapin over the Burlington
railroad. The girders will be re-
ceived and made ready for placing on
the piers of the bridge at Chapin.

The girders were so long that while
touching but two cars on which they
were loaded. It was necessary to
have an "idler" flat car between the
cars on which the girders rested at
each end. This improvement is one
of the many that the Wabash will
make this year on account of the re-
cent appropriation. Taking in the
whole system more money will be
expended during the remaining
months of the year than in any
twelve months during the past 15
years.

NEW RULING FOR POSTAL BANKS

**Depositors Need Not Be Postoffice
Patrons—Government Will Take
Bonds as Par.**

There are now about sixty deposi-
tors in the postal savings bank at
the postoffice and, according to
Postmaster Reeve, the deposits now
amount to \$2,500. A new rule just
adopted by the postoffice depart-
ment make it possible for a per-
son to make a deposit in any postal
bank whether or not the person is
a patron of the office.

This announcement is contained in
a bulletin received at the Jack-
sonville postoffice regarding the latest
orders governing the postal savings
banks. The board of control has
decided that the residence of a per-
son is no longer to be a bar to his
becoming a depositor in any one
of the many postal savings banks es-
tablished throughout the country.

Even a non-resident may come to
Jacksonville and open an account at
the local office. He may also have
as many different accounts in other
cities as he desires. This new regu-
lation was made at the request of
many persons who spend their time
between two or more cities and
desired to open accounts in each.

It is expected that this order will
result in an increase in the deposits.
At the same time anyone who de-
sires to lay by a "nest egg" without
other members of the household
knowing it, can take advantage of
the postal bank in another and
nearly city.

Another change in the regulations
and one which will be received with
approval by the larger depositors, is
that which permits the holders of
government bonds to dispose of
them without any discount what-
ever. The new regulations state
that these bonds may be disposed of
at any time to the government and
the full face value received.

The application must be made in
writing to the board of control at
Washington. This will save the
holders of the bonds any discount
whatever which might result in
case they were put on the open
market.

GIVEN PLEASANT SURPRISE.

**John Colwell Remembered by Friends
on Sixteenth Birthday.**

John Colwell of Alexander was
given a pleasant surprise Friday
evening by about thirty of his young
friends, the occasion being his six-
teenth birthday. The party was
planned by his mother, Mrs. Mar-
garet Colwell, and sister, Miss Anna,
and was most successfully carried
out. John had remarked at the din-
ner table that he thought it would
be jolly fun to have a birthday
party, but no hint was then given
as to what would take place in the
evening. Immediately after supper
he began his study for the county
exam examination, which he is eligi-
ble to take in April, and was thus
engaged when the score and
more of his school friends arrived
on the scene. The hours were pleas-
antly passed at games and various
amusements and the young man was
the recipient of a number of nice
presents. Music was also a feature
of the evening's jollity, several piano
numbers being given by Misses Lu-
cille Mason and Ada Weigand and
violin numbers by Frank Colwell.
Elegant refreshments were served
and the hours proved most delight-
ful in every way. Mrs. Colwell and
her daughter were assisted in en-
tertaining the young people by
Misses Elizabeth and Mabel Snyder.
Among those present were Mabel
Howard, John Weigand, Grantie
Kindred, Gertha and Margaret
Young, Hazel Wilner, Mary Miller,
Scott Davenport, Lloyd and Verna
Strawn, Anna Rind, Frank and Ada
Weigand, William and Edward
Young, Wilbur and Albert Monte,
Harold and Lucille Mason, Donald
Walsh, Roy Ewen and Mae Ed-
monds.

Miss Jane Colwell returned the
first of the week to Normal to re-
sume her studies in the university,
after a visit of a few days at the
home of her mother, Mrs. Margaret
Colwell, in Alexander.

Arts and Crafts in Basketry

We have just received our new spring line of Hawkeye Baskets. These baskets are made by expert craftsmen, some of whom have spent their entire lives in perfecting themselves in the art of basket weaving. The workmanship is not only the best that can be produced, but the materials are of the highest quality that can be had anywhere. In addition to the odd and quaint constructions one of the chief charms of our baskets lies in the artistic colorings. The soft, subdued craftsman colors, blend readily with almost any surroundings.

PROTESTS AGAINST PROPOSED RATES

Old Member of M. W. A. Thinks Increases Outlined Are Unreasonable.

An eight page circular is being sent out over the land to the million or more members of the Modern Woodmen of America giving a statement of the seven plans, by any one of which the members of the association may continue in good standing. These circulars are from the head offices of the M. W. A., Rock Island, Ill., and are under date of Feb. 21, 1912. The head office also has paid lecturers abroad in the land, who go where they are sent for the purpose of enlightening the members as to the adjustment of rates as established by the head camp. The new adjustment which is urged by the head officers does not appear to be growing in popularity, judging from the reports of the action taken by the camps in numerous localities. Reports from the two camps in this city would indicate great dissatisfaction over the considerable increased rates and some members have said they would not be able to stand the raise. In Springfield there was a meeting held quite recently at which the attendance was approximately 500 members of the order and it was suggested that steps be taken to have the head office enjoined from enforcing their new rates.

The M. W. A. for 28 years has been a fraternal insurance association and the idea was not to pile up a large sum to loan out at a cheap rate. Everything appeared in a satisfactory condition to the members, and although a few years since the rate was advanced 50 per cent or more though there was some grumbling done, the money kept on going in to the head office. Of course when the salary of the members of the head office is considered there must be a sufficient amount over what is necessary to pay death claims with which to meet the salary list and other expenses of conducting the clerical work. But as the writer understands there is but one \$10,000 salary, the other head officers being obliged to accept a less sum.

During the existence of the organization it has grown up into one of the strongest fraternal societies in the United States. Twenty-eight years in existence, every death claim paid and \$7,000,000 in the treasury.

Don't it seem rather tough on those who have been paying for say over twenty years and who started in as young or middle aged men, and who now would be unable to get insurance on account of age, to be notified that the rate had been increased to such an amount that it is prohibitive to many of them. The Woodmen started out as a poor man's insurance, but in a short time will become the proposed rate of increase a rich man's company in that it will take a man of means to stand the cost. A member of the order speaking a few days ago, these lines said that 20 years ago when he joined it cost him 50 cents an assessment on \$1,000 of insurance. A few years ago the rate was raised to 90 cents and the proposed rate would strike him for \$2 a \$1,000. We have stood by the society in its infancy, have assisted financially and now when the time, in the nature of things is drawing near for the reward for which we worked and paid our money, is drawing nigh and we step down and out, we find we were assessed so that we cannot stand the pressure and lose out.

RETURNS FROM SANTO DOMINGO.
Dr. George Dinsmore has returned from the islands of Hayti and Santo Domingo, where he has been for the past several months on business pertaining to the copper mine, in which A. M. Masters of this city is interested. Dr. Dinsmore arrived in Jacksonville Friday morning. While he left here with the intention of staying only until this time, it is very probable, however, that he will return again to the islands before a great while.

C. A. Seymour of Franklin was transacting business in the city yesterday.

CALLS IT "ALL BOSH."
New York, March 22.—Scholarship standing should be the basis of eligibility in college athletics and the practice of barring from college baseball all men who play on professional teams is "all bosh," according to the views of George Huff, athletic director of the University of Illinois, who addressed 125 alumni of Illinois at a banquet tonight. College athletics should be based on what a man does in college and not what he does outside, he declared.

KICKED MAN TO DEATH.
Chicago, March 22.—"He tried to rob me of 7 cents, all the money I have in the world. I'm glad he's dead." This is what George McGinnis, 35 years old, told the police to night after he had been arrested for kicking Edward Wilson, 46 years old to death. The men fought in the street.

JOHN W. NOBLE DEAD.
St. Louis, Mo., March 22.—John W. Noble, President Harrison's secretary of the Interior, died this afternoon.

FOUGHT TEN ROUNDS.
Columbus, Ohio, March 22.—Geo. Cogan, of Indianapolis and "Kid" Ash, of Cincinnati fought ten fast rounds here to night. While no decision was given, it was generally conceded that Cogan had a shade of advantage.

Bagpipes.
Bagpipes mentioned in Jeremiah xlviii. 36. "Mine heart shall sound for Moab like pipes. Like pipes for the men of Kir-hares." and elsewhere in Scripture were used also by the early Egyptians. Both Greeks and Romans knew the instrument, for a coin of Nero shows upon one side the (liba utricu) laris, a bag with two reeds and nappies. Procopius also, who wrote about 550 A. D., asserts that Roman soldiers sometimes marched to the sound of the bagpipes, and it is not impossible that they introduced them into the British islands. The earliest, more modern reference to them is in an Irish MS. of 1150, and an Irish illuminated MS. of 1390 depicts a pig playing on the bagpipes. The Scottish highlanders were the first and only people to use the great war pipe, as the highland regiments still do.

Supply on the Way.
Rufus Grogan is one of the managers of the biggest store in his town. The slogan of the store is, "We Sell Everything."

When Rufus is asked for anything the store doesn't happen to have on hand he always says, "We are out of that just now, but we have a carload coming." And "Rufus carload" is a local joke.

"Rufus," asked a customer one day, "do you know where I can get a hired girl?"

"Well," said Rufus, "we haven't any now, but we have a carload coming." —Saturday Evening Post.

Justly Impatient.

In a Newark factory two workmen were shouting at each other up and down an elevator shaft.

"Haud on," cried one. "Can ye na understand th' English language? I'm tellin' ye to haud on, ye loon!" —Newark News.

Nothing Wasted.

The Customer—Aren't you wasting a good deal of that steak in trimming it? The Butcher—No, ma'am. I weighed it first.—London Sketch.

INCREASE WEIGHT QUICKLY.

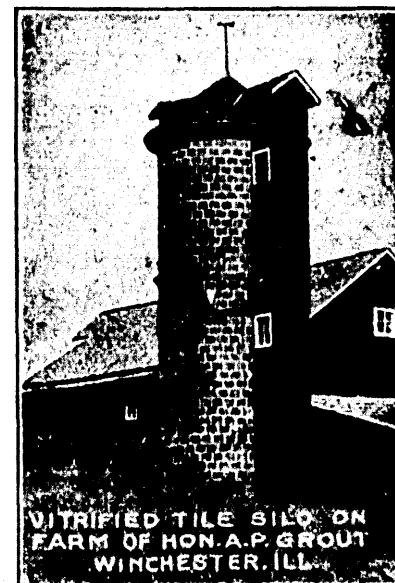

Simple Way for the Thin and Pale to Be Plump and Rosy.

Samose can hardly be termed a medicine, it is in reality a flesh forming food. Taken before or after meals, it mingles with the food you eat, enables it to assimilate and readily digest, so as to make rich blood and pleasing plumpness. After Samose has been used a week or ten days a noticeable gain in weight is seen. The sallow complexion will become rosy, the sunken cheeks will have a ruddy glow, the eyes will be bright, the breath sweet and the step elastic.

Cover & Shreve's customers have told them of the remarkable results following the use of Samose, the great flesh forming food, and they are so thoroughly convinced of its reliability that they are selling it under their personal guarantee to refund the money if it does not do all that is claimed for it. You who are thin and in poor health can not afford to let another day pass without getting a 50c box of Samose on those terms.

WHO IS VALEDICTORIAN?

Records of Virginia High School Burned in Recent Fire.

For the first time in the history of the Virginia High school there will be no valedictorian nor honors conferred at the commencement exercises to be held the last of May. When the recent fire occurred in the high school building all the records were burned, so that it is impossible for the instructors to tell the exact grades made by the students during the current school year.

The class, which numbers twelve, do not take kindly to this procedure and although no honors will be conferred they are going ahead and expect to have commencement exercises the equal if not better than those which have characterized the school in the past years.

The members of the senior class are as follows: John Ellis, Charlotte Suffer, Charles Wankel, Harry McLaughlin, Verle Simmons, Rollo Rexroat, Harold Humphrey, Eva Achue, Lucile Rexroat, Harold Plummer, Louise Virgin and Carl Stiller.

DEATHS AND FUNERALS

O'Brien.

John O'Brien of East Railroad street died at 11:15 Thursday night at Our Savior's hospital, where he was a patient. His death was due to pneumonia. He suffered the breaking one of his limbs last November, and since that time he has gradually declined in health.

Mr. O'Brien was born in Ireland 65 years ago and while a young man came to this country, landing at New York city where he secured employment. He was united in marriage thirty years since to Miss Margaret Crossan, who, together with two sisters, Mrs. Gleason residing in Ireland, and Miss Anne O'Brien of New York city survive him.

Mr. O'Brien was for a number of years an employee at the C. P. & St. L. car shops and was an industrious and honorable man. He was a consistent member of the Church of Our Savior and had a large circle of friends.

The remains were prepared for the casket at O'Donnell's undertaking parlors and then taken to the family residence, 1246 East Railroad street.

Funeral services will be held at the Church of Our Savior at 9 o'clock Monday morning and interment will be in Calvary cemetery.

Davis.

David J. Davis, a patient at Maplewood sanitarium, passed away at 5:30 o'clock Friday morning at that institution from the effects of cerebral hemorrhage. He had been in the sanitarium since July of last year. He was born in the state of Ohio 74 years ago, and has been a resident of Illinois for the past 47 years. From 1870 to 1890 he was engaged in the hardware business in Toulon, Ill., when he retired from active business. His son, O. W. Davis and wife of Remsen, Iowa, arrived in the city to look charge of the remains and accompanied them to Toulon where interment will be made.

Giving.

Word has been received by Mrs. Fred Davis of the death of Harmon Giving at the home of his daughter, Mrs. Esther Wallace in St. Louis, Mo. He was one of the oldest citizens of Jacksonville, being a resident here until a few years ago when he went to St. Louis to make his home with his daughters, Mrs. Wallace and Mrs. Alice E. Moore.

Sample.

Edwin Sample of Memphis, Tenn., is in the city, the guest of his cousin, Joseph Jackson. He is called here by the death of his mother, Mrs. Charles Sample, who passed away at her home in New Berlin Thursday. She was the widow of one of the best known citizens of this county, a man highly respected and prominent in many ways. She was a lady of many fine characteristics and was well known and beloved by all who knew her best.

The funeral will be conducted Sunday at 2:30 p. m. at the residence of Joseph Jackson, 748 West North street.

Goveia.

The funeral of Manuel Goveia was held at 2 o'clock Friday afternoon from Northminster Presbyterian church in the presence of a large gathering of relatives and friends. The services were impressively conducted by Rev. Walter E. Spooner, the pastor, and a quartet, composed of Mrs. J. E. Scott, Mrs. Henry Vieira, Edward Nunes and Ray H. Bracewell, sang with effective tenderness, "Beautiful Isle of Somewhere," "Asleep in Jesus" and "Abide With Me." The flowers were many and beautiful and were cared for by Misses Lois Baptist, Julia Kling, Irene Estaque and Annetta Goveia.

Interment was in Jacksonville cemetery and the bearers were Joseph Frank, George and Samuel Goveia, Louis Baptist and Earl Smith.

After reading an obituary notice of the deceased Rev. Mr. Spooner said in part: "Mr. Goveia had a strong faith and trusted fully in his God and what better could be said of a man's life. He was one of those who came to this country in early days following the dictates of his conscience and I have been thinking how fast these men are passing away and only for a few more years, will we be able to write of these men who as it were planted the faith of God here that they were born in Madeira. If you today were to follow the wishes and instructions of this man I know that you will keep close to Christ. We must come to know

that death is really a sleep and that the awakening comes upon the other shore. In the days of weakness and sickness it was this thought that supported our friend, the thought that rest would be his and that immortal life with the Christ he loved and honored. The Christian is free from the fear of death for the fear of death comes from sin and sin hides the love of God. The dread of meeting the Great Judge haunts the impatient but the Christian man, like our brother, has no fear. Mr. Goveia lived a long and useful life. He was honest in all his dealings. He loved his church, his home, his neighbors and went through the world doing good and now he has crossed over to be with his Master and to reap the rewards which come from Christian living. He has left his children, the heritage of a good name and I am sure his message to you today would be to keep close to Christ in this world and your reward will be certain."

Currens.

H. Zeppenfeld of South East street has received word of the death of his niece, Mrs. Jessie Seaborn Currens of Adair, Ill. She was a granddaughter of the late George Baker, being a child of his eldest daughter, Mrs. Sallie Seaborn. She is survived by her husband and little son.

Ham.

Charles Ham, a well known resident about Franklin and vicinity, died recently after several months' illness of tuberculosis, aged 46 years. He was a son of the late Ambrose Ham of Franklin and is survived by one sister, Nancy, of Jacksonville. The remains were interred in the New Hope cemetery.

Arundel.

The funeral services of Miss Edith Arundel were conducted at her late residence in Bluffs Thursday afternoon at 2 o'clock in charge of Rev. A. J. Green, pastor of the Methodist Protestant church. Music was furnished by Mrs. A. J. Green, Mrs. George Burrus, Mrs. Ruth J. Pin, Leonard Black and Mrs. Charles H. Hale. The flowers were very beautiful and were cared for by Mrs. Edward Kendall and Mrs. Charles Hale. The remains were buried in the Bluffs cemetery and the bearers were Messrs. Paul Green, Harry Onkes, Clifford Cassell, Fritz Haskell, Walter Arundel and Earl Burrus.

Among those attending the service were Mr. and Mrs. C. H. Howard and son Glenn of this city, Mr. and Mrs. Henry Starks of Springfield and Miss Lillie and Albert Hadden of Decatur.

DEBATE LOST BY JACKSONVILLE TRIO

Beardstown High School Gets Unanimous Decision of Judges in Forensic Contest Held Last Night.

Beardstown High school was given a unanimous decision of the judges in the debate against the Jacksonville High school, held at Beardstown Friday evening. Jacksonville was represented by Misses Lella Struck, Sylvan Peak and Clara Lane, and Beardstown by Misses Ona Sayre, Adelaide Giles and Hazel Hamilton. The question was the same as that debated by the Tri-City Debating League a week ago, which reads as follows: "Resolved, That the adoption of the initiative and referendum by the state of Illinois, as now provided in the state of Oregon, would result in better state government (constitutionally granted)."

The debate was held in the high school auditorium and was attended by a large crowd. Jacksonville sent over a delegation of fifty-two. Both sides put up splendid arguments and it appeared at the close that it would be a difficult thing for the judges to decide just which school deserved the honors. Miss Struck summed up the debate for Jacksonville and Miss Sayre for Beardstown. The students gave quite a demonstration when the decision of the judges was read. The judges were Prof. George S. Sellow and Prof. Watkins, both of Knox college, and Prof. M. M. Maynard of Monmouth college.

Gave Reception.

Following the debate the Jacksonville delegation was tendered a reception in the Woodman hall, where an informal program was carried out.

INSANE PATIENT CAUGHT.

John Cox, an escaped patient from the Insane hospital at Bartonville, was caught Friday by Officer Tuttle, who had quite a chase to get his party. About four years ago Cox escaped from the same hospital and came to Jacksonville. Yesterday he was recognized by a man who was formerly a member of the police force and he put Officer Tuttle next. Chief Davis notified the authorities at Bartonville and they gave instructions to hold the man. He was taken to the county jail. Cox is a former resident of Quincy.

Don't forget to attend the horse and mule sale of Ade Arnold's, on West Court St., Saturday, Feb. 23.

The members of the Freshman class of the State School for the Deaf were delightfully entertained Friday evening by Messrs. Noyes and Martin of the faculty. The party took place in the library of the institution. Various games and amusements afforded excellent entertainment and during the hours elegant refreshments were served.

Miss Rowen and Mrs. James Harvey entertained a limited number of friends at the residence of the latter, 313 East College street in honor of Mrs. Sarah J. Bradbury of Kansas City, Mo., and Mrs. Logan Collier of Peoria. The afternoon was enjoyed in games and other various amusements, after which light refreshments were served. The following ladies were present: Mrs. Sarah J. Bradbury, Mrs. Logan Collier, Mrs. Larson, Mrs. G. L. Hoover, Mrs. Otto Eckles, Mrs. Benny Jaeger, Mrs. Charles Johnson, Mrs. Byron Gray, Mrs. J. Clancy, Mrs. John Sutter, Mrs. Minnie Suey, Mrs. A. Robinson, Mrs. William Brauer, Mrs. Edward Brauer, Mrs. George Seigrist and Miss Genevieve Sahy.

The first of a series of socials to be given by the Epworth league of Brooklyn M. E. church was held Friday evening in the parlors of the church, and everyone present pronounced it a marked success. A musical program was first given beginning at 8 o'clock by Mrs. W. P. Duncan and Miss Nina Wright, after which the Y. M. C. A. Comedy Co., composed of H. A. Brewer, Laver Waterfield, James Koly and Fred Darr, gave a rollicking farce comedy, the scene for which is laid in Wall Street, New York city. This was thoroughly enjoyed and the boys were compelled to respond with an encore. The second play was fully as amusing and entertaining as the first. During the evening Mrs. Orin Cook appeared as a fortune teller and related the futures of many. Miss Nina Wright's class conducted a candy booth and found ready sale for their confections. In the balcony room a splendid menu was served, from the various features a neat sum was realized and the league is very thankful to all who contributed to the success of the social and especially to the Y. M. C. A. boys for their entertainment.

The affair last evening was given under the auspices of the social department of the league, of which Ina Alkire is the chairman. It is the intention to have numerous social gatherings and entertainments in the coming months.

Mrs. F. E. Farrell entertained at bridge Friday afternoon in honor of Miss Mary L. Masters. The home was beautifully decorated in pink and the same color scheme was carried out in the refreshments which were served. The afternoon in all respects was a most enjoyable one.

MATRIMONIAL RECORD

Sample-Bellmer.
Mr. E. T. Sample of Pisgah and Miss Lula Bellmer of Los Angeles, Calif., were married Tuesday, March 19, in Kansas City, Mo. Miss Bellmer was formerly of Pisgah, but has resided in Los Angeles. Mr. Sample is well thought of by his many friends.

Barton-Parsons.
Homer Enterprise: One of the prettiest weddings of the season was celebrated at the home of the bride's parents, Rev. and Mrs. N. E. Parsons, last Saturday evening at 8 o'clock, when Mr. Earl Barton and Miss Charlie Parsons were united in the bonds of matrimony. The wedding ceremony was a beautiful but simple affair. Miss Helen Wallace sang most effectively "I Love You Truly," after which the wedding party entered, while Miss Lorena Parsons played the beautiful strains of Lohengrin's wedding march. They were preceded by Rev. Mr. Henry and little Carrie Jane Barton, niece of the bridegroom, who carried the wedding ring in a large white lily. Both Mr. Henry and Mr. Parsons, father of the bride, had charge of the ceremony. The bride was attired in a beautiful gown of white embroidery over silk.

A four-course luncheon was served to about seventy-five invited guests. Mr. and Mrs. Barton were the recipients of a large number of valuable presents.

The out of town guests were Mr. and Mrs. Robert Porterfield and daughter, Irene, of Sidney; Miss Pearl Parsons of Chicago, Carl Buckler, Mrs. Frances Hill and daughter, Ruby, of Champaign; Miss Fay Williams of DuQuoin, Mrs. Mary Tyler and daughter Ida, and Miss Ida Gibson of Catlin; Mrs. Len Barton of New London, Ohio, and Mr. and Mrs. A. C. Burton and son, Floyd, of Danville.

These young people embark upon life's pathway together under the most promising circumstances. The bride is popular in all social circles and woman's clubs and is active in all kinds of church work. Mr. Barton is a model young man, well educated and very active in church and social life. He is president of the Young people's society of the Methodist church and active in the Young Men's Bible class.

They departed Monday for their future home on a farm near Elwood, Ind., and will be at home to their friends after April 1.

Mrs. Barton formerly attended the Illinois Woman's college in this city and has many friends here. She is a relative of Mrs. J. H. Rayhill, Sr., with whom she made her home while attending school here.

Gibson-Nisbet.
Friends in Virginia have received word of the marriage of Dr. J. D. Gibson and Mrs. Atherine Buracker Nisbet, which took place recently in Denver, Colo., Rev. R. E. Dickson of the St. Paul's M. E. church officiating. The groom is a prominent physician and surgeon of Denver. The bride is the daughter of the late William Buracker of Virginia and is a niece of Mrs. Carrie Arnold of that place.

WITH THE SICK

Mrs. G. B. Litter is quite ill at her home in Liberty.

Word has been received from Walter Davis at San Diego, Calif., that he has been suffering greatly from paralysis of the arm and is threatened with losing entire control of the member. He is a brother of Mayor George Davis.

Mrs. Henry Rebbe, residing east of Bluffs, Scott county, is a patient at Passavant hospital.

J. T. Osborne who has been confined to his home for several days by illness, is reported better.

Don't forget to attend the horse and mule sale of Ade Arnold's on West Court street, to day.

ROADS ARE IMPASSABLE.

The roads at the present time are in the worst condition perhaps ever known in Morgan county. They are practically impassable. Not a single carrier on the rural routes was able to make his complete trip Friday.

One carrier got out seven miles and by passing the mail on to other persons and having them carry it to their neighbors he was able to get most of his mail delivered. Another carrier went out afoot and covered as much of his route as possible. The farmers realize the bad condition of the roads and are not complaining about the service at present given them by Uncle Sam.

BURNED TO DEATH.

Miss Lottie Adkinson of White Hall Dies From Coal Oil Explosion.

Miss Lottie Adkinson, a sister of Mrs. George Miller, near Murrayville, was recently burned to death at her home in White Hall. The funeral was held at noon Friday in Manchester. Miss Adkinson lived alone with her father. Early in the morning while attempting to light a lamp, she overturned it and the flame from the coal oil ignited her clothing. Her father was in such a feeble condition he could not assist her but in his effort to do so he was badly burned and his death is expected at any hour. Miss Adkinson lived until 1 o'clock in the afternoon. Her body was burned almost to a crisp.

She was about 40 years of age and is survived by the sister at Murrayville, a brother, Ralph Adkinson of Bowling Green, Mo., and two brothers, George and William, residing near Manchester.

MRS. WINCHESTER CALLED BY DEATH

Highly Respected Resident of This City Passes Away at Home of Nephew, J. Marshall Miller—Was Born in Scotland.

At 11 o'clock Friday night at the home of her nephew, J. Marshall Miller, Mrs. Elizabeth Winchester peacefully passed away. She was the oldest child of John and Margaret Marshall and was born in Liffishgoshire, Scotland, March 14, 1828. With her parents, sisters and brother she came to this country while a young woman and her home has been in Morgan county ever since. She was united in marriage in 1877 with James Winchester, who died twenty-nine years ago.

Mrs. Winchester early in years entered upon a Christian life, which she has faithfully and devotedly followed till the day she was called to her reward. When in health she seldom missed a Sunday church service or an opportunity to attend mid-week prayer meetings. For many years she was a member of the old Central Presbyterian church under the ministry of Dr. W. W. Harshat, and from the date of the dissolution of that church organization she has been a member of Westminster church. Her life was one of self sacrifice and willing service and she exemplified the highest type of Christian living.

Her brother, John Marshall, and her sisters, Miss Marion Marshall, Mrs. Janet Watkinson and Mrs. Jane Miller have all preceded her in death.

Funeral announcement will be made later.

See Huse's "The Doll House," at I. W. C., Monday night.

WILL TALK ABOUT ROADS.

Something new in the matter of creating an interest in road district affairs has been inaugurated by A. L. French of the Farmers State Bank & Trust Co., who is a commissioner in road district No. 4. Mr. French has issued a call for a mass meeting of the residents of the south division of his district to be held in the town hall at Chapin Monday, March 25, at 1:30 o'clock. The purpose of this meeting is to receive a financial statement of the district and to discuss ways and means for expending the money on hand in a way calculated to secure the best results. It is doubtless the purpose of Mr. French to create a wider interest in the affairs of the district by co-operation to secure the very best results in the matter of road improvement.

TRADE CONDITIONS ARE IRREGULAR

ADVERSE WEATHER HAS TENDENCY TO RETARD.

Breaking Up of Winter May Help Business—Increased Activity Is Beginning to Show in Some Sections of Country.

New York, March 22.—Bradstreet's tomorrow will say:

Though adverse weather conditions in various parts of the country tend to make for more or less irregularity in trade, merchandise continues to move from first hands in good volume. However, it is probable that while business has not retrograded, it has not expanded, this being primarily due to the inclemency of the weather and not to any diminution in wants. Conditions predicated on the lightness of stocks in the hands of final purchasers are not propitious and growth in confidence, despite some untoward clouds in the field of labor, is one of the most characteristic features of the general situation. It must not be overlooked that some sections of the country, that is catering to coal mining regions and principally to bituminous, are inclined to go slow in making purchases, pending clearer views as to the outcome of discussions over wage scales.

In the iron and steel lines there is more activity; in foundry iron the leading interest has adopted a firm stand for higher prices, and there is somewhat more railroad buying.

Business failures in the United States for the week ending March 21 were 252, against 241 last week; 235 in the like week of 1911; 231 in 1910; 226 in 1909 and 236 in 1908.

Dun's Report.
New York, March 22.—R. G. Dun & company's Weekly Review of Trade tomorrow will say:

The tendency in the industries and trades is toward a broader distribution. The increased activity is in spite of the slow breaking up of a winter of unusual severity, of pending controversies abroad and at home, including, as they do, the still unsettled coal strike in England and the disagreement between coal operators and miners in this country. It is significant that the reports from the west now reflect the improved business sentiment. Efforts to advance prices of iron and steel are meeting with some success. Pig iron is slightly firmer and there is some strengthening in steel bars, plates and shapes. Demand for tin plates has broadened moderately, but sheets are shaded and new business is much less than capacity.

The dry goods markets continue very firm, and with a broadening trade prices generally display an advancing tendency. Prints and print cloths continue very active and standard prints are to be advanced to five cents per yard, while regular print cloths are now quoted at 3 1/2 cents. Ginghams are in brisk demand and some lines of these and of cotton flannels are held at value on future delivery. In woolens some of the best selling lines are being eagerly sought, but mills are unable to increase their deliveries. Advances in some lines of men's fall wear have been made by certain factors and one large producer has advanced all of its staple and semi-staple worsteds 5 cents a yard.

As "Ed" Howe Sees Life

When a man moves to a strange town, he hustles around and becomes acquainted; but his wife waits until people "call on her."

A man who provides employment is not a public benefactor; he doesn't pay enough.

I have heard this all my life: "Aren't you ashamed of yourself?" But I rarely hear anyone say: "I'm ashamed of myself." You must blush while others boast.

To have good taste is more important than to have a good time.

A woman talks as impressively about her "figure" as a politician talks about his platform.

Women don't think much of dressmakers. But the dressmakers get even; they say they never saw a woman who didn't have one hip larger than the other, or one shoulder higher.

Are we parents occasionally very unreasonable with children because we are the biggest? I sometimes think so.

Widows and books say the way to make a man follow you is to treat him with indifference. But I never believed it.

In politics, instead of keeping old promises, make new ones.

Many a row is avoided by the second sober thought that we can get even more satisfactorily behind his back.

Occasionally a man is found who says he could not run a newspaper; but there never was a man who did not believe he was full of quiet humor.

The exchange of favors between kin is as unsatisfactory as the exchange of Christmas presents between friends.

CONGRESS OF MOTHERS

Various Legislation for Benefit of Parents and Children Recommended.

St. Louis, March 22.—Resolutions endorsing parent compensation legislation, a federal children's bureau and equal guardianship for parents were accepted by the national committee on resolutions of the national congress of mothers and parents-teachers associations here today and will be read for adoption by the congress at a business session tomorrow morning.

Another resolution endorsed the educational value of moving pictures and recommended their use in the public schools.

That ragtime music is undermining the musical ear of the present generation of children was the charge brought by Mrs. Frances E. Clark, before a meeting of mothers. She declared she "would throw all ragtime music into the sea."

BRITISH COAL STRIKE

London, March 22.—The settlement of British coal miners strike now seems to depend upon results of a conference between representatives of the coal mine owners and miners, which have been summoned by Premier Asquith to convene Monday. Meanwhile the house of commons will proceed no further with the government's bill, which was introduced in an attempt to settle the strike, than the committee stage.

This was the situation to night and it is a question whether an agreement can be reached on the present status of the dispute.

TRAIN DERAILED

Miamisburg, Ohio, March 22.—The Chicago, Hamilton & Dayton passenger train due here at 6:10 o'clock this evening, was derailed one and one-half miles south of here to night. The engine and one empty sleeper turned over. The other seven cars, which composed the train left the track, but no one was killed, and but few were injured.

REBELS IN CONTROL

Buenos Ayres, March 22.—Fetragrains reached here from the Paraguayan frontier, saying the revolutionaries are in control at Asuncion. President Pena and most of members of his government are reported to have taken refuge on Brazilian and Argentine ships while the others have sought asylum in the foreign legations.

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For twenty years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

CRIMINAL HAS INTERESTING STORY

"Black Bart," the Terror of Northern States, Has Changed Life Since Operation on His Brain.

Marquette, Mich., March 22.—The law enacted by the state legislature last winter, which extends the benefits of the parole law to convicts undergoing life sentence, will, it is confidently expected, enable Raymond Holzhay, more widely known as "Black Bart," a life prisoner with a sensational criminal record to obtain his release on parole from the Marquette prison, where he has spent nearly twenty-three years of his life for murder. Holzhay, who has been a model prisoner for many years, expects that under the new law, his sentence will be commuted to one of 40 years and that he will be released on parole shortly after the commutation of his sentence.

Holzhay's career was extremely sensational and interesting from a criminological point of view. He was born in Austria and came to the United States when quite young. But little is known of his early life, scarcely more than that he was illiterate, of great physical strength and courage and had strongly developed criminal tendencies. He was still in his teens when he began to work in Wisconsin "pinneries." The life of a lumberman did not satisfy Holzhay's adventurous nature. He decided to become a bandit and began his criminal career by holding up a stage coach in the lumber district.

His success was encouraging and Holzhay single handed, held up and robbed coach after coach until the mere mention of his name struck terror to the hearts of travelers in the lumber region. His boldness was astonishing. While doling the officers of the law who were pursuing him, "Black Bart" walked boldly into lumber camps asking for food and obtaining it, no men being willing to take the risk of making an attempt to seize the outlaw.

After a while, finding the robbing of stage coaches too tame, Holzhay took to holding up trains and for a considerable period he terrorized the whole northern Wisconsin and Michigan, holding up railroad trains and stage coaches, robbing the passengers and rifling the mail bags and employing his time between the bigger coups by robbing banks, stores and private houses. Large rewards were offered for his capture by the government, the state authorities and the railroads, but nobody seemed to have courage enough to earn the reward.

After having held up and robbed a Wisconsin Central train near Cadott, Holzhay went to the Gogebie region, where he held up a stage coach near Lake Gogebie. One of the passengers was a Chicago banker, named A. E. Fleischbein, who carried a considerable amount of money. The banker drew his gun but, before he could make use of it, Holzhay shot him also and after having robbed his victims, he made his escape. The authorities made a determined effort to capture the daring bandit, but, although bloodhounds were used to follow his trail, no trace of him could be found.

Five days later, however, Marshal Glade and Justice Weiser saw Holzhay in one of the streets of the town of Republic and arrested him. He tried to make use of his gun, but was knocked down and overpowered before he could do so. He was brought to Marquette and was positively identified as the man who had killed Fleischbein. Holzhay was tried, convicted and sentenced to Marquette prison for life. During the first year of his imprisonment Holzhay gave a great deal of trouble to the prison authorities. He was moody and rebellious and not inclined to submit to the prison rules and discipline. On one occasion he obtained possession of a knife and held one of the guards at bay in his cell when he came to take the prisoner to work. Warden Tompkins came to investigate and shot Holzhay through the hand in which he held the knife. Not until then did the prisoner submit.

Holzhay remained in the prison and finally he was sent to the asylum for the insane at Ionia, where the doctors decided to perform an operation on the prisoner, to remove a piece of the bone which pressed upon his brain. The operation was successful and after his return to prison Holzhay was a changed man. He became a model prisoner, began to study and gradually acquired a good education. Through the warden, who took great interest in him Holzhay invested his earnings in copper stock and accumulated a handsome fortune. He was made the librarian of the prison, edited the prison paper and did all the photographic work required. It is believed that the operation on his brain has transformed Holzhay into a normal and law abiding individual, free from criminal tendencies.

C. A. Glossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case, he says: "I am only sorry I did not learn sooner of Foley's Kidney Pills. In a few days' time my backache completely left me and I felt stronger; dizzy spells left me and I was no longer annoyed at night. I feel 100 per cent better since using Foley Kidney Pills." J. A. Obermeyer, City drug store.

POSTOFFICE ON BUSINESS BASIS

Deficit of Millions Wiped Out During Taft Administration.

DEPARTMENT SELF SUSTAINING

Leads Have Been Stopped, Service Extended, Pay of Employees Raised by Installation of Modern and Careful Methods in Three Years.

The administration of President Taft has been from its very beginning pre-eminently a business administration.

A business administration appeals to business men. It should appeal to every citizen of the country. Economy in the carrying on of the multiple activities of the federal government is indicative of carefulness. This carefulness and economy has been one of the keystones of the administration of President Taft, and, like many other things that he has done, has been carried from one step to another with little noise and with no blowing of trumpets, and most of all, without impairing the service in the slightest degree. Leaks have been stopped; that is all. These leaks in former administrations have cost the people of the country millions of dollars.

What has been done in the postoffice department is a sample of what has been done in other departments. Postoffice figures furnish some solid food for sober-minded thought on the part of every voter.

The figures and the facts that follow are authentic. They are taken from a message of the president to congress and from the annual report of the postoffice department.

At the beginning of Mr. Taft's administration a little over three years ago the postoffice department was confronted with a deficit of \$17,479,770.

In a little over two years this deficit was wiped out entirely and there was a surplus instead of deficit amounting into the millions. The surplus—the excess of earnings over expenditures in the operation of the postoffice department for the year ending June 30, 1912, was \$219,118.

And, best of all, this splendid showing was made with no curtailment of the postal service as the following show:

In that time there were established new postoffices to the number of 3,744.

In that time carrier service was added in 186 cities of the country.

In that time new free rural delivery routes were established to the number of 2,516.

The mileage of these routes was 60,679.

In that time the forces of postal employees was increased by the number of 8,000.

In that time there was an increase in the salary expenditure of the postoffice to the amount of \$14,000,000.

In that time there was an annual increase in the salaries of postal employees averaging \$98 to each man.

In eleven months there was established postal banks to the number of 7,500.

The deposits in these postal banks footed up to \$11,000,000.

Surely this record as set forth here must be one that will appeal to men of business everywhere.

ACTIVITY OF CABINET

No Impropropriety in Secretaries Working for President.

They Are Men Who Know What Taft Has Done in Last Three Years.

Some criticism has been heard in various sections of the country about the activity of President Taft's cabinet officers in working for the re-nomination of their chief. Attorney General Wickersham recently delivered a notable address in Milwaukee; Secretary of War Stimson, the former close friend of Roosevelt, came to Chicago on the invitation of the Taft Club of Illinois and made a key note speech that was a gem in thought, in reasoning and in wording; Secretary of Commerce and Labor Nagel has made more than one speech in Mr. Taft's behalf; the last in St. Louis.

Why should not these cabinet officers defend the Taft administration and tell the people exactly what has been done in the three years that Mr. Taft has been the nation's chief executive officer? They are each a part of the administration; they each know what has been done and what is planned to be done. They know Mr. Taft; they respect and admire him. Everyone of the officers of the cabinet is his sincere friend and champion.

It would be just as wise to say that a traveling man for a big manufacturing house should not be allowed to sing the praises of the firm or corporation by which he is employed as to say that cabinet officers should not take up the cudgels in behalf of Mr. Taft.

TO BREAK UP OLD.

Some Advice That Will Save Time and Money

Strong drink and quinine may relieve a cold, but it usually does more harm than good.

To break up a hard cold in either head or chest thousands are using this sensible treatment.

First of all look after your bowels; if they need attention use any reliable cathartic. Then pour a scant teaspoonful of HYOMEL into a bowl of boiling water, cover head and bowl with a towel and breathe for 5 or 10 minutes the pleasant, soothing, healing vapor.

Do this just before going to bed; your head will feel fine and clear and you'll awake from a refreshing sleep minus a cold in the morning.

For colds, coughs, catarrh, asthma and croup HYOMEL is guaranteed. A fifty-cent bottle is all you need to break up a cold and this can be obtained at Coover & Shreve's and druggists everywhere.

A PROBLEM IN FIGURES.

It Scared the Mathematician, but the Women Solved It.

One day a teacher of mathematics went shopping with his wife. He tagged along listlessly from counter to counter until they came to the dress trimmings department, and there he found something in his line. Said his wife to the saleswoman:

"How wide is that gold spangled black crepe?"

"Three-eighths of a yard," said the girl.

"How much is it a yard?"

"Three dollars."

"Well," said the professor's wife, "how much of three-eighths wide material will it take to put four six-inch strips around a two and three-quarter yard skirt that is seven inches narrower at the knees than it is at the bottom, and how much will it cost?"

At the first mention of those figures the professor's head began to reel, and he reeled still more when his wife and the girl got out pencils and paper and began to do their sum. Presently his wife said:

"Here, dear; you know all about mathematics. Help us solve this problem, won't you?"

But the professor said: "Excuse me, I feel faint; I must get a little fresh air," and ignominiously fled.

His wife came home with exactly the amount of material required, and the professor took her word for it that she didn't pay a cent too much.—Philadelphia Ledger.

A Wily Mocking Bird.

A naturalist tells of a droll exhibition of fun evinced by a mocking bird. It had only recently been captured and was placed near another cage in which were two canaries, both excellent singers.

The mocking bird at first seemed to be struck dumb by his voluble neighbors; but, as it turned out after ward, he was only biding his time.

For several days he remained silent, taking notes, until he had mastered their song, when one day, without even a preliminary rehearsal, he burst out into a canary song in a loud, ringing tone that struck his yellow throated neighbors mute with astonishment.

After this it was a favorite amusement of his to drown the voices of the canaries with his own loud notes when ever they attempted to sing.—Detroit Free Press.

Dr. Webster, a well known physician of Murrayville, was in the city yesterday. He says he has friends in North Dakota who report fine weather, roads good and bicycles running right along.

Anna Held's Opinion of An Automobile

Arthur Bunker Motor Car Co
Seattle, Washington.
Gentlemen:
I cannot help but say that the big, luxurious Oakland car that took me so easily and comfortably around my beautiful boulevard is the easiest riding American built car I have seen. Of course, my foreign machines cost me thousands of dollars, but this is the first American built car that I ever thought their equal.

Respectfully yours,
Anna Held.

You will note by Miss Held's letter that she has had experience with foreign built cars which cost her thousands of dollars. You will also note carefully that the Oakland is the first American built car that she ever thought the equal of the high priced foreign made cars. This is one of the best tributes that has ever been paid the Oakland, and, coming as it does from a woman who is in a position to judge of the comparative merits of high priced cars and medium cars, it should carry great weight.

SUGAR TRUST TRIAL

Government Rests Its Case and Defense Will Begin to Offer Testimony Monday.

New York, March 22.—After ten days of testimony the government rested its case to day in the trial of officers of so-called sugar trust. The defense will begin the introduction of testimony next Monday. The closing of the government's case was hastened by an agreement between the opposing attorneys in order to accept the proposal of the government to submit evidence to prove the "trust's" alleged policy of monopoly. After Charles R. Heike, the convicted former secretary of the company, had testified along this line, District Attorney Wise agreed to waive his evidence on condition that the defense should supply a statement showing what remedies the "trust" had shut down.

The defense to day succeeded in having ruled out government evidence tending to prove further conspiracy on the part of the "trust" to force Adolph Segal in debt, in order to elicit his alleged ownership of the Pennsylvania Sugar Refinery company.

The evidence had to do with loans alleged to have been made to Segal with "trust money" by Gustave E. Kissel, subsequent to the \$1,250,000 loan which it is charged first involved the Philadelphia capitalist.

Mrs. Mary Harding, Beardstown, Virginia, Ill., says: "About two years ago I used Doan's Kidney Pills and at that time they cured me of a severe, dull pain in the small of my back that had clung to me for quite awhile. I also suffered from headaches and had been unable to sleep well. Doan's Kidney Pills relieved me at once and in a short time a complete cure was effected. I strongly recommend them to all persons in need of a kidney medicine." For sale by all dealers. Price 50 cents. Foster, Milburn Co., Buffalo, New York, sole agents for the United States.

THE WOODSON REVIVAL.

The special revival meetings, which have been in progress for some time at the Christian church at Woodson continue with good interest and good attendance, considering the inclement weather and bad roads.

Evangelist Hougham spoke last night on "The Conversion of Saul of Tarsus."

The theme to night will be "A Midnight Prison Scene." Lord's Day will probably be the closing day of the meetings.

At 10:30 a. m. the theme will be, "A Mountain Top Scene in the Life of Christ."

At 7:30 the theme will be "Why Be a Christian?"

Special music at these services.

PROFITABLE POULTRY.

Talk about money in chickens. Rev. L. A. Engle of Whitehall told the writer that D. W. Young of Monroe, New York, breeder of Single Comb White Leghorns, in 1911, sold 900 cockerels at an average of \$35.50 each, the highest price paid for one being \$500. Mr. Young several times refused \$1,000 for the prize winner at the Madison Garden exhibition and wouldn't take \$5,000 for him. For 20 years Mr. Young has captured the greater part of the prizes at Madison Square. His father brought the first stock from Italy many years ago. During 1911 Mr. Young sold over \$12,000 worth of eggs.

PIMPLY? WELL, DON'T BE.

People Notice It—Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel; there's never any sickness or pain after taking them.

Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel.

"Every little Olive Tablet has a movement all its own."

THE THIN AND WEAK

Easy Way For Them to Get Strong and Fat.

To thin and weak Cover & Shreve have a word to say. Let them use Samose, the wonderful flesh-forming food, that is now so popular, and they will soon be plump and rosy.

Samose is not an ordinary medicine; it is a flesh-forming food that is adapted to the most delicate. Its tonic effect gives strength and health so that after its use for a short time, all the flesh and fat-producing elements in the food will be easily assimilated and retained by the body.

The large and famous Cover & Shreve had in Samose since they first introduced it in Jacksonville and the wonderful results following its use have made them such enthusiastic believers in its great merits, that they give their personal guarantee to refund the money if Samose does not make thin people fat and restore strength and health.

When a gain in weight is noticed after Samose has been used for a week or ten days, and health has improved, you notice yourself growing stronger, you certainly should feel

more than satisfied with what you have received from the small cost of 50c.

THE TEST OF TIME

is a sure test by which to gauge the efficacy of any remedy for human ailments, whether advertised or ethically prescribed by a physician.

A medicine that has stood the test of time is Lydia E. Pinkham's Vegetable Compound. Its intrinsic merit has been proven by the fact that for nearly forty years it has been relieving womanhood from suffering and has constantly grown in popularity. The demand for it to day is larger than that of any similar remedy in the world.

This famous remedy for female ailments has proved to be of incalculable value to hundreds of thousands of American women.

Condition of Reservoir Is Cause of the Trouble—Not Practical to Use Widenham & Daub Wells Now.

During the recent days many complaints have been filed with the city officials on account of the very muddy water which is now being forced through the city mains. The matter came before the council last Monday and Commissioner Brown was of the opinion then that no relief could be obtained at present from the Widenham-Daub wells, but stated that he would look into the question further. Yesterday Mr. Brown was asked again about the situation and said that no relief can be obtained at present from the Widenham-Daub wells, but stated that he would look into the question further. Yesterday Mr. Brown was asked again about the situation and said that no relief can be given at present.

The situation is just this. On account of the cracks in the reservoir a less supply than usual must be stored there and the water the city is now using is being pumped direct from the creek into the mains. Even if water were used from Morgan lake it would have to first flow into the creek before being pumped into the mains. It is not practical to pump from both the creek and the Widenham-Daub wells at the same time as the pressure would stir up the mains in an undesirable way. On the other hand it might be possible to secure all of the city's supply from the Widenham-Daub wells for a few days, but it would not be possible long and thus the creek water and the Widenham-Daub well water would have to be mixed and the combination would not be much of an improvement over the present supply.

During the high water last year the pumps at the Widenham-Daub wells were dismantled by men who went out in boats and just two weeks ago Maudslerte creek had overflowed to such an extent that water reached up to the floor of the shanties. With weather conditions as they are now this is apt to be the same trouble again any time, as a sudden thaw will send the water far over the creek banks. The cost of pumping from the Widenham-Daub wells is another important item. Two extra men would be required there and the cost for power averages nearly \$50 for twenty-four hours. It is a matter for regret that the water supply is muddy and dirty, but it is one of those conditions which cannot be relieved until warm settled weather comes and it is thus possible to make the repairs which are needed at the reservoir.

TO BUILD NEW FRONT.

Improvements Now Planned for Woolworth Store Will Cost \$8,500.

Plans have been drawn and bids are now being received for the construction of a new front in the Woolworth Five and Ten Cent Store on the south side of the square. The front will probably be the handsomest in Jacksonville and is to cost approximately \$8,500. The management of the store recently took a ten year lease on the building through E. E. Crabtree agent for the Wadsworth estate. Instead of one entrance as now there will be a double entrance with a rounded window between. The other display windows will also be rounded. Altogether the changes will serve to improve the appearance of the business section as all such improvements do. The cost of the work will be shared by the owners of the store and of the building.

ROBERTS BROS.

The Growth of a Business

We started out in business a few months ago with the settled policy of giving both quality and service in grocery and drug departments and the growth of our business has proven the wisdom of our course. Patronage grows daily and our customers compliment us on the extensiveness of our stocks, the attractive and modern way in which stocks are displayed as well as upon the care we use to have our store constantly in order, clean and sanitary. The Roberts Bros.' service has an individuality, an excellence which appeals to those who want quality in what they buy and who also have an eye to the cost of living. Suppose you try the "Roberts Bros. Service" this week.

Our Drug Department

After purchasing the stock of the Kuechler drug store, which was renewed and supplemented until entirely up to date, we made arrangements with Mr. R. A. Kuechler to become our prescriptionist. We felt that Mr. Kuechler had gained the confidence of a wide circle of acquaintances and customers, and we therefore secured his services to direct our pharmacy department. We want to emphasize our willingness to deliver any drug or medicine, in whatever quantity desired, either with a grocery order or without. A telephone order sent to our pharmacy will receive immediate and careful attention.

Our patrons are finding out that it is a convenient thing to be able to buy dependable drugs and groceries all under one roof and this fact in part accounts for the gratifying increase in our business. Customers from the country, of course, have no special interest in the delivery of drugs, but they are finding out the convenience of buying their drugs at their grocery store, taking either or both, drugs and groceries on their trade accounts.

The Kuechler Preparations

Mr. Kuechler has had a long and valuable experience in the drug business and with passing time he has acquired a great deal of success in the compounding of his own preparations. Our stock of drugs and remedies is very comprehensive and in the offerings are many which Mr. Kuechler has himself compounded, remedies which have been proven in thousands of cases. Here are some of the Kuechler preparations:

Tetter Cream.	Corn Cure
Quinine Hair Tonic	Headache Wafers
Syrup of Tar and Wild Cherry	Rheumatic Mixture
Cold Cure Tablets	Beef Iron and Wine
Kidney and Bladder Remedy.	Nerve Tonic

GAVE TALK ON 'TREES'

Miss Anna G. Brown Addressed Mem-
bers of Domestic Science Round
Table.

The regular meeting of the Do-
mestic Science Round Table was held
Saturday afternoon with Mrs. W. W.
Gilliam on West State street. There
was a large attendance and Miss An-
na G. Brown, head of the manual
training department of the high
school, gave a very interesting ad-
dress on "Trees." She told of their
importance, treatment and how to
preserve their natural beauty. Miss
Brown displayed a great variety of
woods and explained how certain
stains would bring out certain colors.
She told of the restfulness which re-
sulted from having the woodwork in
a room of the soft dull finish, which
is so popular. The most treat-
ment for some woods was best. The
members were highly instructed by
the talk and the large number of
pieces of wood which Miss Brown
showed were closely inspected and
many questions were asked.

During the afternoon palatable re-
freshments were served by Mrs. Gil-
liam. The next meeting will be held
with Miss Ruth Grey, director of
home economics at the Woman's
college. She will give a demon-
stration of "Entrees and Sauces."

RURAL CARRIERS IDLE.

The rural route carriers did not
go out from the post office Saturday.
The condition of the roads made it
impossible for them to cover their
routes. Some of the carriers would
have attempted a trip, but found out
that it was impossible to get a trip
from the heavy stables as the pro-
prietors refused to send their horses
on the roads. Only one other time
since Postmaster Revere has been in
office was it impossible to get the
mails into the country and that was
on account of a blizzard when very
little mail was received in Jack-
sonville. Through the kindness of W.
J. Houston who came to the city
yesterday the people who reside in
the Cracker's Bend neighborhood re-
ceived their mail.

TELEPHONE BURNED OUT.

The telephone in the residence of
Mrs. Laura Kellogg on Grove street
caught fire Saturday evening and
caused considerable excitement for a
few moments. Charles Whitlock
went out and cut the wires to stop
the trouble. The wires fell in the
street and a horse which was pass-
ing stepped on them, receiving quite
a severe shock. The fire was ex-
tinguished and the wires were clear-
ed away, however, before any par-
ticular damage was done.

AFTERMATH OF DEBATE.

Cass County Trio Wins Because of
Better Delivery.

The Jacksonville High school de-
baters, the students and members of
the faculty who accompanied them,
returned home Saturday from
Beardstown. It seemed to be the con-
sensus of opinion among those who
saw over that Beardstown that the
debate in a fair manner. Jack-
sonville had the affirmative side of the
question. Beardstown having been
given the right to choose the side
they wanted. The negative side is
really the stronger of the two, but
as far as argument it was about a
toss up between the two schools.
Where Beardstown had the moral
win in delivery, their representatives
having put more time to this part
of the work. When Jacksonville de-
bated Quins, here, Beardstown had
two representatives here to get points
and the Beardstown coach went
to Springfield and heard the debate
presented by the Jacksonville nega-
tive side against Springfield. The
Beardstown debate was outlined al-
most identical with that used by the
negative side at Springfield.

It is safe to say, however, that the
debate work done at the high school
this year is of a superior kind and
it is doubtful if the school ever pos-
sessed three better teams. Natu-
rally the debaters feel keenly the loss
of their debates for their school, as
they certainly worked hard to win.
The training has been of incalculable
value and will go a long way toward
rounding out the full high school
education.
